The Polish National Agency for Academic Exchange (NAWA) is a new institution that was established on October 1st, 2017. It is set up to coordinate state activities driving the process of internationalization of Polish academic and research institutions. The mission of NAWA is to foster the development of Poland in the area of science and higher education.

NAWA goals:

WZMIANKI 2:

- - Support international mobility of students, academics and researchers
- - Support the process of internationalization of Polish HEIs and research institutions
- - Promote Polish science and higher education
- - Promote and popularize teaching of the Polish language.
